Space & Naval Warfare Systems Command Unit Awards Contract

SAN DIEGO -- Resource Consultants, Inc., of Vienna, Va., is being awarded a \$7,873,602 indefinite delivery/indefinite quantity-type contract with time and materials pricing for engineering and technical support for shipboard communications, command, control and combat systems. This equipment will support the Joint Military Communications Information Systems (JMCIS), Contingency Theater Aircraft Planning System (CTAPS) and Information Technology for the 21st Century (IT-21). This contract contains four option years which, if exercised, will bring the total cumulative value of this contract to \$49,034,624. Work will be performed in San Diego, California (25 percent) and on U.S. Navy ships and shore activities worldwide (75 percent). The period of performance is from September 9, 1997 through September 8, 2002. Contract funds in the amount of \$100,000 are from overhead and will not expire. This contract was competitively procured with 75 firms solicited and six offers received. The Naval Command, Control and Ocean Surveillance Center Research Development Test & Evaluation Division, San Diego, California, is the contracting activity (N66001-97-D-0067).
